

Privacy Statement for Wordle Bot

Introduction

Wordle Bot, a Telegram bot version of the popular Wordle game. Wordle Bot is created by [@Xooniverse](#) with ❤️ for Telegram users. The game involves guessing a five-letter word with six tries, where hints are provided after each guess about the letters' correctness.

Wordle Bot Overview

Wordle Bot brings the fun of the Wordle game (available at [The New York Times](#)) to Telegram. Our bot is open source, and you can find the source code on GitHub: [GitHub Repository](#).

Technology and Dependencies

The bot is developed entirely in Dart, using Televerse (a Telegram Bot Framework for Dart, also developed by our team). We utilize the Free Dictionary API to validate words and Firebase Firestore as our database.

Data Collection

To provide an engaging and personalized gaming experience, we collect certain data:

1. **Telegram API Data:** Basic data provided by the Telegram Bot API, including:

- User's Telegram Account's First Name
- User's unique Telegram ID (an integer)

2. **Game-specific Data:**

- Number of games played by the user
- User's win streak
- Number of wins and losses

Personal Identifiable Information

We do not collect any personal identifiable information other than the first name (which may or may not be the user's actual name) and the unique Telegram user ID.

Donations

We accept donations through recently introduced Telegram Stars and cryptocurrencies such as TON, USDT, or Solana. Your generous contributions help us maintain and improve the bot.

Team and Contact Information

The team behind Wordle Bot is Xooniverse. We are committed to providing a fun and safe gaming experience on Telegram. If you have any questions or concerns about your data or the privacy practices of Wordle Bot, please contact us at xooniverse@gmail.com.

Changes to this Privacy Statement

We may update this privacy statement from time to time. Any changes will be posted on this page with an updated revision date.

Conclusion

We are dedicated to protecting your privacy while providing an enjoyable gaming experience with Wordle Bot. Thank you for trusting and playing with us!

Date of Last Revision: July 4, 2024

By using Wordle Bot, you agree to the terms outlined in this privacy statement.
